"Tom has been a life saver and has done a fantastic job far and beyond what is expected of him. I am confined to a wheel chair and my wife and myself are very limited at what we can do. Tom has kept my electric wheelchair up and running. He has also helped my wife clean out a basement at our old house and helped us move into our new house. Tom has also repaired a broken fence, kept my yard mowed and my walkways shoveled. I don't know what we would have done if Tom had not been there to assist us. Tom is a man of many talents and we appreciate all of them."
