Helping you
stay at home
as safely,
comfortably,
and as long as
possible

Professional remodeling
and maintenance
contractors specializing in
Universal Design
and
Aging in Place

Peace of mind in your own home is priceless

You love your home and feel comfortable in it. We can help you stay in the home of your choice for as long as possible.

Safety

We will perform a safety assessment following trusted guidelines to make recommendations for change.

Remodeling

We make routine daily tasks easier by:

Lowering part of your kitchen counter-top for easier food preparation

Installing a low-threshold shower or grab-bars in your tub for safer bathing

Widening doorways for a walker or wheelchair

Installing a raised toilet for bathroom ease

Customizing your kitchen cabinets to make pots and pans more accessible

Install ramps or lifts for easy and safe access to your home

Maintenance Contracts

Call us for routine chores around the house that may be getting more difficult. We will change your furnace filter, clean out the dryer vent, and make sure your drains run well. We will customize a contract to take care of your routine maintenance chores.

Lawn care, Snow removal, Yard work

We can also take care of your outside maintenance needs. Look to us for dependable, trustworthy care of your home.

We would like to help make your home as safe and comfortable as possible. Please complete the information on the flap, tear it off, and mail it to us. Or just call 515-278-8462. We will contact you to make an appointment for a full home assessment free of charge.
